AMERICAN DYESTUFF REPORTER

INDEX
TO VOLUME XXI

January 1, 1932 to December 31, 1932
Inclusive

Indexed by Subject and Author

Index by Subject

For the convenience of our readers there is appended below a list of pages in the respective issues ot the AMERICAN DYESTUFF REPORTER for the year 1932. The numbers in the first column indicate the regular volume; those in the second, the numbers of the pages of the Proceedings of the American Association of Textile Chemists and Colorists.

January 4	1 to 34	1 to 24
January 18	35 to 70	25 to 52
February 1	71 to 104	53 to 76
February 15	105 to 140	77 to 100
February 29	141 to 176	101 to 124
March 14	177 to 212	125 to 140
March 28	213 to 238	141 to 152
April 11	239 to 272	153 to 172
April 25	273 to 298	173 to 184
May 9	299 to 328	185 to 196
May 23	329 to 354	197 to 212
June 6	355 to 384	213 to 220
June 20	385 to 412	221 to 240
July 4	413 to 442	241 to 248
July 18	443 to 468	249 to 256
August 1	469 to 500	.....
August 15	501 to 528	.....
August 29	529 to 552	.....
September 12	553 to 574	257 to 268
September 26	575 to 596	269 to 276
October 10	597 to 616	277 to 280
October 24	617 to 636	281 to 288
November 7	637 to 656	289 to 300
November 21	657 to 682	301 to 316
December 5	683 to 716	317 to 336
December 19	717 to 754	337 to 352

Abbott Dyeing Process (Burke) 633
Acele Yarns in Regard to Dyeing and Finishing, Properties of the (Chandler) 640
Acids, Alkalies and Salts in Textiles, Determination of Small Amounts of (New) 180
Acid Dyes, Colloidal Aspects of the Dyeing of Wool with (Boxser) .. 71
Acid in the Textile Industry, Lactic 172
Aftertreating of Sulphur Dyed Yarns and Fabrics, The (Crist) 367
Ageing of Printed Cloth (Flynn) 703
Ageing Vat Colors (Rupp) 727
Agents, On Comparative Test for Wetting Out (Ermen) 373
Agents, Two New Scouring (Meyer) 90
Alcohols, Sulphonated Fatty (Lenher) 696
Alkalies and Salts in Textiles, Determination of Small Amounts of Acids (New) 180
Alkalies on Cotton, New Facts Concerning the Action of Caustic (Hall) 578
Analysis and Standardization of Sulphonated Oils, Sub-Committee on Methods of 314
Analytical Methods for a Textile Laboratory (Scott) 443
Analytical Methods for a Textile Laboratory (Continued) (Scott) 479
Analytical Methods for a Textile Laboratory (Concluded) (Scott) 510
Aniline Black, Practical Notes on Dyeing (Hall) 299
Antimony Electrode to the Measurement of the pH of Dye Baths, The Application of the Stick (Parks and Beard) 432
Artificial Silks in Mixed Textiles, Quantitative Determination of Cotton, Wool, Silk and (Krais and Markert) 464
Asbestos Textiles (Dillingham) 571
Bacteriology of Wool, A Contribution to the (Smith) 501
Beetle, The Black Carpet (White) 683
Black, Practical Notes on Dyeing Aniline (Hall) 299
Bleaching, Dyeing and Finishing Progress in (Hall) 141
Bleaching, Effectiveness of Silicon in Weighting and (Levitt) 359
Bleaching of Cotton Piece Goods, Peroxide (Eddy) 725
Bleaching, The Latest Research Work on Cotton (Kauffmann) 647
Bleaching, The Ozone Process May Mean Lower Costs in (Mann) 540
Bleaching, The Use of Monel Metal Equipment for Dyeing with Developed Colors, Stripping and (La Que) 283
Blindness, Test for Color (Smith) 38
Branding, Color Integrity in Private (Fawcett) 637
Carbonizing 555
Carbonizing Process, The Physical Chemistry of the (Claflin) 575
Carbonization and Chlorination of Wool, Precautions in Scouring (Mann) 711
Carpet Beetle, The Black (White) 683
Caustic Alkalies on Cotton, New Facts Concerning the Action of (Hall) 578
Caustic Soda in the Finishing of Cotton Piece Goods (Cohoe) 617
Chemical Damage, in Wool, Detection and Estimation of (Krais) 541
Chemist Looks at Consumer Textiles, The Research (Freedman) 388
Chemical Tests in the Wool Industry (Hill) 492
Chemistry as an Aid to the Textile Industry, Physical (Strachan) 582
Chemistry of the Carbonizing Process, The Physical (Claflin) 575
Chlorination of Wool, Precautions in Scouring, Carbonization and (Mann) 711
Chlorinated Wool in Mixed Fabrics, Dyeing Silk and (Rice) 169
Chromium, A New Colorimetric Test for (Spencer) 550
Collodial Aspects of the Dyeing of Wool with Acid Dyes (Boxser) 71
Color as a Transformer of Energy (Toussaint) 638
Color Blindness, Tests for (Smith) 38
Color Fastness Problems of the Dye House (Gryder) 723
Color Fastness with an Artificial Sun, Foretelling (Jameson) 306
Color Integrity in Private Branding (Fawcett) 637
Color on Dyed Fabrics by Spectro-analysis, Specification of (Shelton and Emerson) 504
Color Vision, Anomalies and Defects of (Collins) 537
Colorimetric Test for Chromium, A New (Spencer) 550
Colorings, Autumnal (Sando) 173
Colors, Some Effects of Ultra-Violet Light upon Certain Articles and (McEwen) 337
Colorscope—Recent Developments, The (Sheldon and Gluck) 222
Commercial Aspects of the Textile Industry, Some (Wilson) 115
Consumer Textiles, The Research Chemist Looks at (Freedman) 388
Copyright Consolidation—Uniform State Regulation, Patent Adjustment— (Fawcett) 591
Copyright, for Textiles Only, Design (Fawcett) 469
Costs in Bleaching, The Ozone Process May Mean Lower (Mann) 540
Costs, with All-Metal Dye Kettles, Reducing Dye House 515
Cotton and Wool, Rapid Method for Detecting Damage in (Hall) 105
Cotton Bleaching, The Latest Research Work on (Kauffmann) 647
Cotton Fibres, A Method for Distinguishing Between Old and New (Winne and Donovan) 601
Cotton Fibre Quality (Nickerson) 4
Cotton Mixed Goods, The Production of Faster Dyeings on Rayon and (Stott) 249
Cotton, New Facts Concerning the Action of Caustic Alkalies on (Hall) 578
Cotton Piece Goods, Caustic Soda in the Finishing of (Cohoe) 617
Cotton Piece Goods, Finishing of (Gow) 365
Cotton Piece Goods, Peroxide Bleaching of (Eddy) 725
Cotton, Wool, Silk and Artificial Silks in Mixed Textiles, Quantitative Determination of (Krais and Markert) 464
Damage in Cotton and Cotton and Wool, Rapid Method for Detecting (Hall) 105
Damage in Wool, Detection and Estimation of Chemical (Krais) 541
Design Copyright for Textiles Only (Fawcett) 477
Developed Colors, Stripping and Bleaching, The Use of Monel Metal Equipment for Dyeing with (La Que) 283
Dextrine, Some Properties of Starch and (Caeser) 278
Discharges on Silk with Hydrosulphite, White (Whitman) 597
Dyed Fabrics by Spectro-analysis, Specification of Color on (Shelton and Emerson) 504
Dyed with and without Tension, Worsted Yarn 562
Dyed Woolen and Worsted Materials, Faults in Piece- (Lloyd) 461
Dyed Yarns and Fabrics, The After-treating of Sulphur (Crist) 367
Dye Baths, The Application of the Stick Antimony Electrode to the Measurement of the pH of (Parks and Beard) 432
Dye House, Color Fastness Problems of the (Gryder) 723
Dye Kettles, Reducing Dye House Costs with All-Metal Dye Kettles .. 515
Dyeing and Finishing of Hosiery (Pickens) 149
Dyeing and Finishing, Progress in Bleaching, (Hall) 141
Dyeing and Finishing, Properties of the Acele Yarns in Regard to (Chandler) 640
Dyeing and Finishing, Rayon Knitting (Epps) 645
Dyeing and Finishing Troubles Caused by Mold Fungi or Mildew (Cowan) 690
Dyeing Aniline Black, Practical Notes on (Hall) 299
Dyeing Machine, Application of Vat Colors in a Pressure (Kneeland) . 257
Dyeing Machine, The—I (Burke) 385
Dyeing Machine, The—II (Burke) 418
Dyeing Machinery, The Development of Hosiery (Caya) 241
Dyeing Machine, The New Rigid Tube Package 609
Dyeing of Package Yarns, The Preparation and (Kimble) 364
Dyeing of Wool with Acid Dyes, Colloidal Aspects of the (Boxser) .. 71
Dyeing of Vats and Naphthols on Piece Goods, The Preparation and (White) 146
Dyeing, Practical Problems of Wool (Masson and Pierce) 44
Dyeing Process, Abbott (Burke) 633
Dyeing Silks and Chlorinated Wool in Mixed Fabrics (Rice) 169
Dyeing, Some Fundamental Aspects of Hosiery (Zisman) 239
Dyeing Skein Yarn for Use in Ingrain Hosiery (Harris) 144
Dyeing, Spray (Whiteman) 361
Dyeing, The Mechanism of (Rose) 52
Dyeing with Developed Colors, Stripping and Bleaching, The Use of Monel Metal Equipment for (La Que) 283
Dyeings in Gauze Stockings, Irregular (Krais) 265
Dyeings on Rayon and Cotton Mixed Goods, The Production of Faster (Stott) 249
Dyeings on Silk, The Production of Faster (Pierce) ..... 244.
Dyer and to the Retailer, The Garment Manufacturers' Problem with Relation to the Finisher and (Kurash) 121

605 v. 21

Dyes, Determination of Substantivities of (Cohoe and Cohoe)..... 133
Dyes with Hydrosulphite, Volumetric Reduction of (Holmes, Melin and Peterson)..... 213
Dyestuffs, Outlook for the Export Trade in American (Fawcett)..... 35
Dyestuffs, The History of (Rose)..... 109

Piece Goods, Caustic Soda in the Finishing of Cotton (Cohoe)..... 617
Piece Goods, Finishing of Cotton (Gow)..... 365
Piece Goods, Peroxide Bleaching of Cotton (Eddy)..... 725
Piece Goods, The Preparation and Dyeing of Vats and Naphthols on (White)..... 146
Polarized Light, The Observation of Rayon in (Skinkle)..... 355
Preparation and Dyeing of Package Yarns, The (Kimble)..... 364
Preparation and Dyeing of Vats and Naphthols on Piece Goods, The (White)..... 146
Pressure Dyeing Machine; Application of Vat Colors in a (Kneeland).. 257

Printed Cloth, Ageing of (Flynn) 703
Printing, Deviations from Good Quality (Alling) 685
Printing, Important Phases of (Alling) 657
Printing, Inspection in Its Relation to (Alling) 469
Printing of Textile Fabrics, Modern (Herstein) 619
Printing Troubles and Their Scientific Aid (Alling) 717
Proteins of Silk and Wool, The Physical Chemistry of (Harris) 78
Purchasing Products and Selling Results (Haddock) 92
Quality, Textile Markings as Hostages of (Fawcett) 413
Quantitative Determination of Cotton, Wool, Silk and Artificial Silks in Mixed Textile (Krais and Markert) 464
Rayon and Cotton Mixed Goods, The Production of Faster Dyeings on (Stott) 249
Rayon, A Study of the Stress-Strain Curve on (Green) 83
Rayon in Polarized Light, The Observation of (Skinkle) 355
Rayon, Hollow (Hall) 447
Rayon Knitting, Dyeing and Finishing (Epps) 645
Rayon, Tensile Strength and Elongation of (Rayon S. C.) 564
Rayon Warp Sizing (Shanks) 281
Rayons, Some Aspects of the Structure and Properties of the (Smith) 529
Reduction of Dyes with Hydrosulphite, Volumetric (Holmes, Melin and Peterson) 213
Reflection of Eleven Samples of Dyed Cloth, A Report on the Spectral 163
Refrigeration for the Textile Industry, Vacuum (Jackson) 623
Regulations, Patent Adjustment—Copyright Consolidation—Uniform State (Fawcett) 591
Research and the Microscope, Fundamental Textile (Schwarz) 59
Research Chemist Looks at Consumer Textiles, The (Freedman) 388
Research Work on Cotton Bleaching, The Latest (Kauffmann) 647
Results, Purchasing Products and Selling (Haddock) 92
Retailer and Garment Manufacturer, The Manufacturers' Problem with Relation to the (de Got) 126
Retailer, The Garment Manufacturers' Problem with Relation to the Finisher and Dyer and to the (Kurash) 121
Salts in Textiles, Determination of Small Amounts of Acids, Alkalies and (New) 180
Sanforizing, Predetermined Shrinkage in (Clayton) 739
Scouring Agents, Two New (Meyer) 90
Scouring, Carbonization and Chlorination of Wool, Precautions in (Mann) 711
Scouring—Milling, Shrinking and Finishing, New Ideas in Wool 214
Sericin, Some Fleeting Glimpses of Certain Properties of (Mosher) 341
Shrinkage in Sanforizing, Predetermined (Clayton) 739
Shrinking and Finishing, New Ideas in Wool Scouring—Milling 214
Silicon in Weighting and Bleaching, The Effectiveness of (Levitt) 359
Silk and Artificial Silks in Mixed Textiles, Quantitative Determination of Cotton, Wool, (Krais and Markert) 464
Silk and Chlorinated Wool in Mixed Fabrics, Dyeing (Rice) 169
Silk and Wool, The Physical Chemistry of the Proteins of (Harris) 78
Silk, The Iso-electric Point of (Harris) 604
Silk, The Production of Faster Dyeings on (Pierce) 244
Silk with Hydrosulphite, White Discharges on (Whitman) 597
Sizing, Rayon Warp (Shanks) 281
Skein Yarn, for Use in Ingrain Hosiery Dyeing (Harris) 144
Soap, Importance of Titre of a 562
Soap in the Textile Industry, The Use of (Levitt) 23
Soaps and Their Removal, Lime and Magnesia 563
Spectral Reflection of Eleven Samples of Dyed Cloth, A Report on the 163
Spectro-analysis, Specification of Color on Dyed Fabrics by (Shelton and Emerson) 504

Purchasing Products and Selling Results (Haddock) 72
Rayon and Cotton Mixed Goods, The Production of Faster Dyeing on (Stott) 159
Rayon, A Study of the Stress-Strain Curve on (Green) 63
Rayon Knitting, Dyeing and Finishing (Epps) 295
Rayon Sub-Committee Meeting 282
Rayon, Tensile Strength and Elongation of (Rayon S. C.) 266
Rayon Warp Sizing (Shanks) 177
Reflection of Eleven Samples of Dyed Cloth, A Report on the Spectral 121
Refrigeration for the Textile Industry, Vacuum (Jackson) 283
Research and the Microscope, Fundamental Textile (Schwarz) 47
Research Chemist Looks at Consumer Textiles, The (Freedman) ... 222
RESEARCH COMMITTEE MEETINGS:
Seventieth Meeting 19
Seventy-first Meeting 78
Seventy-second Meeting 171
Seventy-third Meeting 205
Seventy-fourth Meeting 237
Seventy-fifth Meeting 349
Seventy-sixth Meeting 338
Research Work on Cotton Bleaching, The Latest (Kauffmann) 297
Results, Purchasing Products and Selling (Haddock) 72
Retailer and Garment Manufacturer, The Manufacturers' Problem with Relation to the (de Got) 96
Retailer, The Garment Manufacturers' Problem with Relation to the Finisher and Dyer and to the (Kurash) 91
RHODE ISLAND SECTION, Meetings 125, 173, 317, 327
Sanforizing, Predetermined Shrinkage in (Clayton) 347
Scouring Agents, The New (Meyer) 70
Secretary's Notice 257, 288
Sericin, Some Fleeting Glimpses of Certain Properties of (Mosher) .. 207
Shrinkage in Sanforizing, Predetermined (Clayton) 347
Silk and Wool, The Physical Chemistry of the Proteins of (Harris) .. 58
Silk, The Isoelectric Point of (Harris) 278
Silk, The Production of Faster Dyeings on (Pierce) 154
Sizing, Rayon Warp (Shanks) 177
Skein Yarn, for use in Ingrain Hosiery Dyeing (Harris) 102
Soaps and their Removal, Lime and Magnesia 265
Soap, Importance of Titre of a 264
Soap in the Textile Industry, The use of (Levitt) 21
SOUTH CENTRAL SECTION, Meetings 109, 239
SOUTHEASTERN SECTION, Meetings 57, 101, 213, 289
Spectral Reflection of Eleven Samples of Dyed Cloth, A Report on the. 121
Standardization of Sulphonated Oils, Sub-Committee on Methods of Analysis and 194
Standardizing Sulphonated Oil Analysis, Suggestion for (Grimshaw) .. 67
Starch and Dextrine, Some Properties of (Caeser) 174
Stress-Strain Curve on Rayon, A Study of the (Green) 63
Stripping and Bleaching, The Use of Monel Metal Equipment for Dyeing with Developed Colors (La Que) 179
Sulphonated Fatty Alcohols (Lenher) 321
Sulphonated Oil Analysis, A Suggestion for Standardizing (Grimshaw) 67
Sulphonated Oils, Sub-Committee on Methods of Analysis and Standardization of 194
Sulphonated Oils, The Determination of Moisture in (Hart) 307
Sulphur Dyed Yarns and Fabrics, The Aftertreating of (Crist) 217
Sun, Foretelling Color Fastness with an Artificial (Jameson) 186
Symposium, Northern New England Section 257
Technical Education (Sikes) 219
Tensile Strength and Elongation of Rayon (Rayon S. C.) 266
Tension, Worsted Yarn Dyed with and without 264
Testing Laboratory, The Textile (Weirick) 112
Testing the Fastness to Fulling of Wool, The Development of a Laboratory Method for (Ryberg) 302
Tests, A Method for Simultaneously Making a Large Number of Perspiration (Dalton) 250
Tests for Fastness to Washing, AATCC 265
Textile Industry, Necessity for Creative Management in the (Joslin) .. 328
Textile Industry, Physical Chemistry as an Aid to the (Strachan) ... 272
Textile Industry, Some Commercial Aspects of the (Wilson) 85
Textile Industry, The Use of Soap in the (Levitt) 21
Textile Industry, Vacuum Refrigeration for the (Jackson) 283
Textile Machinery, Maintenance of (Iler) 110
Textile Mills Necessary? Is pH Control of the Water Supply of (Patrick) 139
Textiles, Enzymes, Their Nature and Application to (Powers) 198
Textiles, The Research Chemist Looks at Consumer (Freedman) 222
Textile Testing Laboratory, The (Weirick) 112
Titre of a Soap, Importance of 264
TWELFTH ANNUAL MEETING: 337
Friday Evening Session 338
Color Fastness Problems of the Dye House (Gryder) 339
Peroxide Bleaching of Cotton Piece Goods (Eddy) 341
Ageing Vat Colors (Rupp) 343
Predetermined Shrinkage in Sanforizing (Clayton) 347
Ultra-Violet Light, Upon Certain Articles and Colors, Some Effects of (McEwen) 203
Vacuum Refrigeration for the Textile Industry (Jackson) 283
Vat Colors, Ageing (Rupp) 343
Vat Colors in a Pressure Dyeing Machine, Application of (Kneeland) 167
Vats and Naphthols on Piece Goods, The Preparation and Dyeing of (White) 104
Warp Sizing, Rayon (Shanks) 177
Washing, A.A.T.C.C. Tests for Fastness to 265
Waterproofing—History of, and Present Day Methods (Martin) 126
Water Supply of Textile Mills Necessary? It pH Control of the (Patrick) 139
Wool, Dyeing, Practical Problems of (Masson & Pierce) 32
Wool, The Development of a Laboratory Method for Testing the Fastness to Fulling of (Ryberg) 302
Wool, The Isoelectric Point of (Harris) 233
Wool, The Physical Chemistry of the Production of Silk and (Harris) . 58
Worsted Yarn Dyed with and without Tension 264
Yarns and Fabrics, The Aftertreating of Sulphur Dyed (Crist) 217
Yarn Dyed with and without Tension, Worsted 264
Yarns in Regard to Dyeing and Finishing, Properties of the Acele (Chandler) 290
Yarns, The Preparation and Dyeing of Package (Kimble) 214
